

Berner Ltd Quality Policy

Berner Ltd is a Finnish, internationally operating family owned company, specialized in sales and marketing. The company manufactures and imports high-quality brand products for consumers and professional users. We focus on high quality products and specialise in demanding business areas. The goal of Berner operations is sustainable partnership with stakeholder groups.

We are committed to observing laws, statutes and regulations, which concern our business, and we are constantly monitoring their development.

We know the needs of our customers and develop our operations continually. We are the best experts in the selected business areas and aim to lead the market.

We aim for sustainable growth by developing our business operation and also through acquisitions. We invest in our own product development, production and brands, and a multi-channel supply chain management. Our competent personnel ensures the quality of our operations and professional service. Our goal is to be an interesting employer and an attractive workplace.

Honest, stable and profitable operations generate well-being for customers, staff and other stakeholders.
